

# OPERATING INSTRUCTIONS

**Note:** It is very important that the donuts are hot when placed in the bag.

## START UP

1.

- Turn on the conveyor oven to full power
- Warm up time is approx. 10 mins.
- Set speed dial to 6.5-7.5 (speed may vary depending on outside air). You want them hot, but not burnt!
  - If the donuts are getting too hot OR catching in the back of the oven, simply remove the crumb tray and set aside.

## OPERATION

2.

- Place desired number of donuts flat on the conveyor belt.
- In approx. 45 seconds when they drop to the bottom, place them in a State Fair Mini Donut bag
  - Heating times may vary if using an alternative heating method
- Sprinkle donuts with flavor of choice
- To ensure even coating, fold the bag over, shake and serve.  
It's that EASY!

3.

## CLEANUP/ END OF DAY

- Turn off the oven and allow to cool
- Remove the crumb tray and wipe out the machine with a damp rag
- As needed, turn the oven to the lowest speed and use the provided wire brush to clean the conveyor

HOT. FRESH. FUN

## STATE FAIR MINI DONUT HANDLING INSTRUCTIONS

1. THE DONUTS WILL SHIP FROZEN. UPON RECEIPT, THEY WILL BE ROOM TEMPERATURE AND HAVE A 6-7-DAY SHELF LIFE (IT TAKES 1-4 DAYS FOR THE DONUTS TO SHIP SO THEY WILL HAVE AN ADDITIONAL 3-5-DAY ROOM TEMPERATURE SHELF LIFE DEPENDING ON YOUR SHIPPING TIMEFRAME).
2. WHEN YOU RECEIVE THE DONUTS, YOU CAN USE THEM IMMEDIATELY OR PUT THEM IN THE FREEZER UNTIL YOU NEED THEM. THE DONUTS CAN REMAIN FROZEN FOR UP TO 7 MONTHS.
3. PLEASE DO NOT REFRIGERATE. REFRIGERATION WILL DRY THEM OUT.
4. IN WARM CLIMATES, DURING THE EXTREMELY HOT SUMMER MONTHS, WE RECOMMEND YOU WAIT THREE TO FOUR HOURS AFTER DELIVERY TO ALLOW THE CASE TO COOL DOWN BEFORE YOU PUT THE DONUTS IN THE FREEZER. THIS WILL HELP PREVENT THE DONUTS FROM STICKING TOGETHER. (THIS DOES NOT APPLY TO LOCATIONS WHO RECEIVES THEIR MINI DONUTS FROZEN DIRECTLY FROM THEIR DISTRIBUTOR)
5. FOR BEST RESULTS, WE RECOMMEND YOU ALLOW APPROX. 4-6 HOURS FOR THE CASE OF DONUTS TO THAW PRIOR TO RUNNING THEM THROUGH THE OVEN.
6. IF YOU GET IN A PINCH AND ARE UNABLE TO THAW THE DONUTS COMPLETELY, YOU CAN WARM THE DONUTS FROZEN BY RUNNING THEM THROUGH THE OVEN TWICE AT THE FASTEST SPEED. THE 1ST TIME THRU THE OVEN UNTHAWS THEM; THE 2ND TIME HEATS THEM UP.
7. FOR BEST RESULTS WE RECOMMEND THAT YOU ONLY REFREEZE THE DONUTS 1 TIME AFTER RECEIVING THEM.
8. THE DONUTS WILL HOLD UNDER A HEAT LAMP FOR ROUGHLY 15-20 MINUTES, HOWEVER, SINCE THE OVEN IS SO FAST, WE RECOMMEND YOU WARM THE DONUTS TO ORDER SO YOU CAN SERVE THEM HOT AND FRESH. IF YOU HOLD THEM UNDER A HEAT LAMP, BE SURE TO SPRINKLE THE DONUTS WITH THE SUGAR FLAVORS AFTER YOU REMOVE THEM FROM THE HEAT LAMP AND PRIOR TO SERVING.
9. ONCE YOU BREAK THE SHRINK WRAP SEAL ON THE BOX OF DONUTS, WE RECOMMEND YOU PUT THE REMAINING DONUTS IN A CAMBRO CONTAINER, TUPPERWARE, OR A LARGE ZIPLOC BAG TO KEEP THE DONUTS FRESH.

GOOD LUCK AND HAPPY SELLING!
